

Closet Storage and Organization

Wire and Wood Solutions for Every Space

Rubbermaid

Limited Lifetime Warranty

Rubbermaid® manufactures durable, high-quality merchandise. We warrant that, when professionally installed, our closet and garage systems are free of defects in materials or workmanship for life.

With over 30 years of experience in the industry, Rubbermaid® is proud to continue to be a trusted brand that builders and homeowners can trust.

We offer the industry's preferred white wire and wood solutions, from our standard Ventilated Wire Shelving products to our premium wood Heirloom Collection™, simplifying closet choices to create better storage solutions.

Proudly Made in the USA

All products in the Rubbermaid® closet portfolio are designed and manufactured in Jackson, Missouri.

STANDARD WIRE

Simple Storage for Every Space

Rubbermaid's Ventilated Wire Shelving is a durable, cost-effective, and functional storage solution for the home. A classic storage option, these shelves are constructed from industrial-grade steel and coated with an epoxy topcoat for a glossy, smooth finish.

Shelf Styles

Linen Shelving

Ideal for clothes, linens, utility, and shoe storage.

Wardrobe Shelving

Combine shelf storage with clothes hanging convenience.

BETTER

PREMIUM WIRE

Meaningful and Functional Enhancements

Upgrade the style and function of Direct Mount or FastTrack® Closet Systems with a modern satin nickel finish. Additional features like TightMesh® and FreeSlide™ shelving provide a functional and sleek aesthetic, such as the ability to slide hangers from end to end uninterrupted.

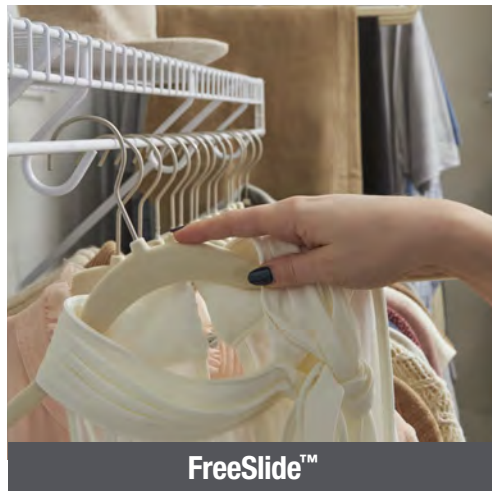

Upgrade Options

TightMesh®

Closely spaced wire adds support, ideal for any room of the home.

FreeSlide™

Built-in hanging rod that allows hangers to slide from end to end uninterrupted.

FastTrack® Mounting System

A heavy-duty steel upgrade from our Direct Mount shelving system designed to be rearranged at any time as storage needs change.

Available in multiple depths and White or Satin Nickel finishes.

RAPID SHELF

Affordable and Elegant Style

Combining speed, quality, and design, the Rapid Shelf Closet System provides a contemporary alternative to the traditional plank and pole shelving design. This versatile closet system has a custom fit design with quick installation to provide a stylish and efficient storage solution. It's the easiest way to create closets that are as beautiful as they are functional.

The Rapid Shelf Closet System is the ideal solution for space organization, no matter the room type.

This system provides a solution for a variety of uses including walk-in closets, reach-in closets, coat closets, linen closets, pantries, and more.

PREMIUM

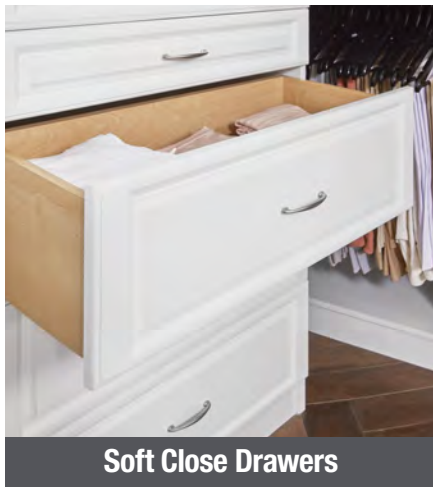

BUILT-IN WOOD

Custom Designed, Precision Crafted

The Heirloom™ Collection from Rubbermaid® is a classic, curated wood closet collection that combines expert workmanship with quality materials for a premium storage solution tailored to the homeowner's needs.
